

Indivisible Durango Environment – Climate Committee

Activity report – May 20, 2017

We have 96 members in the committee. Roughly a dozen of these are active.

The focus areas for our committee includes: legislation / policy (i.e. Methane rule, HB1256) and community events (e.g. Climate March, poster parties, film screening)

We have met about half a dozen times since our committee formed, and are planning to hold regular committee meetings on the first Tuesday of each month from 5:30 to 6:30pm.

We could still use a dedicated chair person for the committee to: monitor the committee email, manage CTA's, plan agenda for monthly meetings, and send monthly emails to our committee membership.
